Overall Height:

1.400 inches

Overall Diameter:

0.620 inches

Current Rating:

10.000 milliamperes

Voltage In Volts And Current Type:

30.0 dc

Product Name:

Piezoelectric accelerometer

Special Features:

80 g peak acceleration range; 32 khz resonance frequency, mounted, ; minus 50 degrees c to plus 120 degrees c temperature response; 18 to 30vdc voltage source; 2 to 10ma current regulating diode; mounting 10-32 tapped hole

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
