**End Application:**

Sight indicator

**Product Name:**

Sight flow indicator

**Special Features:**

Length 5.250 inches; width 3.3125 inches; height 4.3125 inches; diameter of sight opening 1.125 inches; glass disc material - temp soda lime; seal gasket material - vitron; rotating wheel - delrin

**Material:**

Copper alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A43400
