**Product Name:**

Accelerometer calibration workstation

**Special Features:**

5hz to 10khz frequency range; sensitivity phase measurements; 100 and 159hz reference frequencies; english, metric measurement units;

115 volts, optional 220 volts main voltage supply

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T145-c
