Current Type:

Dc

Actuation Method:

Magnetic float

End Application:

Misc parts auxiliary systems/sea water system/ship control system lcs0001

Voltage Rating:

24.0 volts

Mounting Method:

Clamp

Product Name:

(navy)pressure switch

Special Features:

fluid temperature: 398degrees celsius; switch housing material: 316ss; 10amp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-b
