End Application:

721b or c wheel loader

Head Type:

Electrical

Mounting Method:

Bracket

Speed Indicator Range:

+0.0/+30.0 kilometers per hour and +0.0/+50.0 miles per hour

Product Name:

Speedometer programable

Voltage In Volts:

24.0

Special Features:

Programable frequency range 250k-540k pulse per mile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-a
