End Application:

Lgm-30 brine chiller

Maximum Temperature Rating:

200.0 degrees fahrenheit

Maximum Working Pressure:

500.0 pounds per square inch

Product Name:

Sight glass, brine

Special Features:

Compatible with brine solution of 25percent to 50 percent ethylene glycol-water mixture, working pressure 500psi, temperature 200 degrees fahrenheit

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
