End Application:

Indicator, liquid

Maximum Temperature Rating:

300.0 degrees fahrenheit

Maximum Working Pressure:

200.0 pounds per square inch

Furnished Data:

Liquid level

Data Furnishing Method:

Clear window

Product Name:

(navy) suresite, level indicator type b, hi-shock applications

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
