Overall Height:

17.000 inches

System For Which Designed:

Closed

Connection Type:

Threaded

Operating Pressure Range:

-10.0 to 50.0 pounds per square inch

Product Name:

Drexelbrook universal sonic, continuous level

Special Features:

Calibrates in under 90 seconds, 2 inch nozzle mounting 5 foot integral, measures to top of tank

Material:

Plastic

Shape:

Oval

Thread Size And Series/type Designator:

2 inch npt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T313-n
