Overall Height:

4.625 inches

Bolt Hole Quantity:

8 both ends

End Application:

Sight flow indicator 754

Bolt Hole Diameter:

0.250 inches both ends

Flange Outside Diameter:

3.687 inches

Sight Diameter:

1.250 inches

Product Name:

Sight flow indicator

Material:

Steel

Material Specification:

Astm-a216 wcb assn standard 1st material response

Style Designator:

Double port flanged

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
