Center To Center Distance Between Mounting Facilities Parallel To Length:

4.880 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

1.500 inches

Mounting Hole Diameter:

0.210 inches

End Application:

2320-01-528-6294 truck, tank, hemtt based water tender (hewatt)

Presentation Type:

Indicator light

Mounting Arrangement Style:

Four slot rectangular/square

Product Name:

Gauge, water/foam lvl, ic, 5-lt

Special Features:

Pin probe and pin slave: red: power, black: ground, brown: empty refill signal, green: 1/4level, white: 1/2level, blue: 3/4level, orange: full level

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A533y0
