End Application:

Gas panel 8011250

System For Which Designed:

Closed

Product Name:

Flowmeter

Special Features:

Vertical connection w/o valve

Material:

Copper nickel alloy and steel, corrosion resisting

Material:

Copper alloy 706 and stainless steel

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T313-n
