Overall Height:

5.125 inches

Overall Width:

3.875 inches

End Application:

1935-01-434-6826 ndi crane, barge, diesel

Err Default:

Err default

Sight Diameter:

0.750 inches

Maximum Temperature Rating:

200.0 degrees fahrenheit

Maximum Working Pressure:

50.0 pounds per square inch

Product Name:

Full view flow sight

Special Features:

Type 316 stainless steel are for highly corrosive applications.Ptfe seals and a borosilicate glass window.Flow moves in either direction.Connections are npt femal

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
