Overall Length:

0.980 inches

Overall Width:

0.500 inches

Special Features:

Sensing range: 1mm, switching function npr/no, switching freq: 3000hz, output current: 200ma, mounting: flush, threaded metal barrel, temp range -13 f to +158f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
