End Application:

3805-01-573-0667, excavator, multipurpose, crawler mounted

Measurement Unit:

Revolutions per minute

Unit Type:

Electrically operated

Scale Measurement Unit:

Revolutions per minute

Product Name:

Hand held digital tachometer

Special Features:

4 styles of contact adapter tips; infrared technology; can be used as contact or non-contact tachometer; laser pointer; autoranging;

min/max memory storage; low battery indicator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T145-e
