Overall Length:

5.87 inches

Overall Height:

1.19 inches

End Application:

Compressor/co

Flange Width:

0.5 inches

Product Name:

Hmi-hermetic moisture indicator

Special Features:

Single indicator for all common refrigerants; accurate color calibration at low ppm levels and high temp; solid copper connections; maximum working pressure 680 psig; sweat x sweat (odf)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A43400
