Maximum Temperature Rating:

150.0 degrees celsius

Product Name:

Indicator, electrica

Special Features:

Measuring range: up to 6 m (19.69) ft; measureing accuracy: + or - 2 mm; process fitting: thread from g? A, flanges from dn 25; operating voltage: 14...36 v dc; process pressure: -1...+40 bar/-100...+4000 kpa (-14.5...+580 psig)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
