End Application:

See level refrigerant liquid indicators

Product Name:

Standard see-level

Special Features:

Housing steel asme sa36 traceable zinc chromate plated, o-rind/pressure gasket neoprene, lens clear boro silicate tempered glass, frost shield lucite 2 inch 51mm long, safe working pressure 400psig 27 bar 600psig 40 bar for c02,

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A43400
