Overall Length:

16.000 inches

Overall Diameter:

Between 6.0 millimeters and 7.0 millimeters

Securing Device Type:

Ring

Design Type:

Fluctuating

Scale Type:

Fused stem

Scale Smallest Increment:

1.0 degrees fahrenheit

Scale Inscription/background Color:

Black marking on white background

Actuating Medium:

Mercury

Features Provided:

Expansion chamber

Scale Measurement Range:

+30.000/+220.000 degrees fahrenheit

Material:

Glass

Style Designator:

Immersion ring top

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
