Overall Height:

1.120 inches

Mounting Method:

Any acceptable

Flow Control Device:

Any acceptable

Largest Outside Diameter:

Between 2.120 inches and 2.130 inches

Usage Design:

For water

Valve Travel Distance:

0.360 inches

Thermostat Type:

Any acceptable

Opening Temperature Rating:

Between 175.0 degrees fahrenheit and 180.0 degrees fahrenheit

Operating Temperature Rating:

178.0 degrees fahrenheit

Spring Operated Pressure Relief:

Not provided

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
