Operating Range:

Vacuum to 3000 psig

Maximumlength:

11.000 inches

Maximumwidth:

17.000 inches

Maximumheight:

9.500 inches

Special Features:

Control panel with 5 regulators and shut-offs, 3 gages-vacuum regulated pressure and inlet pressure, precise pressure control using boyle's law

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31700
