Overall Diameter:

2.375 inches

Case Material:

Aluminum

End Application:

F-15 aircraft age

Actuation Type:

Bourdon tube

Scale Name:

Pressure

Dial Size:

2.250 inch dial

Pointer Type:

Indicating

Scale Type:

Dial

Connection Type:

External

Actuating Element Material:

Beryllium copper

Scale Inscription/background Color:

Black characters and lines on white background

Connection Location:

Back, center

Bezel Type:

Slips-on

Connection Size:

Connection per and10050-4

Special Features:

Lens material plexiglass; bezel per ms33548

Surface Treatment:

Anodize

Surface Treatment:

Anodized black

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-b
