Electrical Resistance Temperature Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-00-334-0621

Thread Length:
0.312 inches
Overall Length:
3.750 inches
Outside Diameter:
1.687 inches
Operating Tempurature Range:
+0.0/+100.0 degrees celsius
End Application:
Aircraft, sky warrior a-3
Unit Type:
Protective tube
Mounting Facility Type And Quantity:
1 thread
Features Provided:
Gasket
Distance Across Wrenching Surface Flats:
1.750 inches
Accommodated Contact Type And Quantity:
1 female insert
Style Designator:
Transmitter, 24v dc
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
