Overall Height:

2.062 inches

Mounting Method:

Flange and gland nut

Flow Control Device:

Solid expansion

End Application:

Poseidon

Largest Outside Diameter:

2.420 inches

Accessory Components And Quantity:

Capillary tube and bulb, 1

Usage Design:

Control valve

Thermostat Type:

Bellows

Spring Operated Pressure Relief:

Not provided

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T121-c
