**Overall Length:**

3.700 inches

**Outside Diameter:**

Between 0.370 inches and 0.390 inches

**Unit Type:**

Shielded

**Distance Across Wrenching Surface Flats:**

Between 1.121 inches and 1.128 inches

**Product Name:**

Sensor, over temperature avionics

**Special Features:**

Connector mates with ms27480 e10c-35sa

**Style Designator:**

Transmitter, 24v dc

**Terminal Type And Quantity:**

1 connector

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A27600
