## NSN 6685-00-337-3998

Electrical Resistance Temperature Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-00-337-3998

Overall Length:
3.700 inches
Outside Diameter:
Between 0.370 inches and 0.390 inches
Unit Type:
Shielded
Distance Across Wrenching Surface Flats:
Between 1.121 inches and 1.128 inches
Product Name:
Sensor, over temperature avionics
Special Features:
Connector mates with ms27480 e10c-35sa
Style Designator:
Transmitter, 24v dc
Terminal Type And Quantity:
1 connector
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
