Overall Length:

4.750 inches

Outside Diameter:

Between 0.370 inches and 0.390 inches

Unit Type:

Shielded

Distance Across Wrenching Surface Flats:

Between 0.996 inches and 1.003 inches

Product Name:

Sensor, flow temperature, air

Special Features:

Connector mates with ms27480 e10c-35sa

Style Designator:

Transmitter, 24v dc

Terminal Type And Quantity:

1 connector

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A27600
