Overall Height:

Between 1.440 inches and 1.500 inches

Mounting Method:

Any acceptable

Flow Control Device:

Any acceptable

Largest Outside Diameter:

Between 2.052 inches and 2.062 inches

Usage Design:

For int. Harvester

Valve Travel Distance:

0.406 inches

Thermostat Type:

Any acceptable

Opening Temperature Rating:

Between 148.0 degrees fahrenheit and 153.0 degrees fahrenheit

Operating Temperature Rating:

173.0 degrees fahrenheit

Spring Operated Pressure Relief:

Not provided

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
