Overall Length:

1.937 inches

Thread Location:

Internal

Connection Quantity:

3

Operating Pressure Range:

+0.0 to 500.0 pounds per square inch

Fluid Type For Which Designed:

Air

Threaded Direct Pressure Connection:

Provided

Removable Piston:

Not provided

Material:

Brass

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-n
