General Description:

Thermocouple lead, single conductor, 108.2 in. Lg, type k chromel positive lead, asbestos-polytetrafluoroethylene insulation in sections joined by sleeve nuts, negative mate is alumel, fsn 6685&480&6514

Fsc Application Data:

Tf41&a&1 aircraft exhaust temperature indicating system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
