**General Description:**

Thermocouple lead, single conductor, 108.2 in. Lg, type k chromel positive lead, asbestos-polytetrafluoroethylene insulation in sections joined by sleeve nuts, negative mate is alumel, fsn 6685&480&6514

**Fsc Application Data:**

Tf41&a&1 aircraft exhaust temperature indicating system

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
