Overall Length:

2.750 inches

Overall Width:

2.094 inches

Current Type:

Dc

Mounting Device Quantity:

1

Actuation Method:

Diaphragm

Contact Quantity:

1

End Application:

Loader, scoop type

Contact Type:

Threaded stud

Usage Design:

Designed to measure and transmit oil pressure

Voltage Rating:

6.0 volts output

Electrical Connection Quantity:

1

Mechanical Connection Quantity:

1

Mechanical Connection Size:

1/8 nptf size

Mechanical Connection Type:

External

Mounting Method:

Threaded male connection

Measurement Range:

+0.0/+50.0 pounds per square inch

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-e
