Thread Length:

0.640 inches

Overall Length:

1.350 inches

Outside Diameter:

0.281 inches

Operating Temperature Range:

-70.0/+70.0 degrees celsius

End Application:

Deep submergence systems programs; aircraft, stratofortress b-52; c-135; aircraft, hercules c-130; aircraft greyhound c-2; aircraft viking s-3a

Unit Type:

Flush

Mounting Facility Type And Quantity:

1 plate

Features Provided:

Gasket

Distance Across Wrenching Surface Flats:

2.050 inches

Accommodated Contact Type And Quantity:

2 male snap-on

Material:

Stainless steel

Style Designator:

Transmitter, 24v dc

Terminal Type And Quantity:

1 threaded stud

Specification Or Standard:

B-3 type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
