| Overall Length:                  |
|----------------------------------|
| 3.250 inches                     |
| External Thread Size:            |
| 1/2 in. Npt                      |
| Internal Thread Size:            |
| 3/4-28 ns-2 all bores            |
| Bulb Tip Outside Diameter:       |
| 0.500 inches                     |
| Smallest Male Thread Size:       |
| 3/4 in. Npt                      |
| Bulb Tip Length:                 |
| 1.312 inches                     |
| Material:                        |
| Nickel copper alloy              |
| Material:                        |
| Nickel alloy                     |
| Style Designator:                |
| Threaded stepped, straight shank |
| Specification Or Standard:       |
| 3 class                          |
| Shelf Life:                      |
| N/a                              |
| Unit Of Measure:                 |
|                                  |
| Demilitarization:                |
| No                               |
| Fiig:                            |
| T179-r                           |
|                                  |
|                                  |
|                                  |
