Overall Height:

2.656 inches

Mounting Method:

Clamp

Flow Control Device:

Choke

Largest Outside Diameter:

1.750 inches

Accessory Components And Quantity:

Hose clamping, mtg

Usage Design:

Designed to cool water

Valve Travel Distance:

0.250 inches

Thermostat Type:

Bellows

Opening Tempurature Rating:

170.0 degrees fahrenheit

Operating Tempurature Rating:

200.0 degrees fahrenheit

Spring Operated Pressure Relief:

Not provided

Fsc Application Data:

Engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T121-c
