Operating Temperature Range:

+45.0/+125.0 degrees fahrenheit

Inclosure Type:

Encased

Power Source:

Self-contained

Mounting Method:

Wall

Maximumlength:

3.000 inches

Maximumwidth:

1.750 inches

Maximumheight:

1.500 inches

Special Features:

15 to 75 pct relative humidity range, adjustable in 5 pct increments, pneumatic, 25 psig safe pressure, 18 psig , reverse acting

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A31700
