Operating Temperature Range:

+15.0/+40.0 degrees celsius

Storage Temperature Range:

-20.0/+50.0 degrees celsius

Power Source:

External

Mounting Method:

Plate and wall

Maximumwidth:

50.0 millimeters

Maximumheight:

50.0 millimeters

Functional Description:

Used for porportional control of motorized sprays and cooling equipment for dehumidification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A31700
