## NSN 6685-00-841-2278

Electrical Resistance Temperature Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-00-841-2278

Overall Length:
18.375 inches
Outside Diameter:
0.125 inches
Operating Tempurature Range:
-56.7/+232.2 degrees celsius
End Application:
Poseidon material; nuclear reactors program; chilled water a/c systems
Unit Type:
Protective tube
Style Designator:
Transmitter, 24v dc
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A27600
