**Overall Length:**

18.375 inches

**Outside Diameter:**

0.125 inches

**Operating Temperature Range:**

-56.7/+232.2 degrees celsius

**End Application:**

Poseidon material; nuclear reactors program; chilled water a/c systems

**Unit Type:**

Protective tube

**Style Designator:**

Transmitter, 24v dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A27600
