Overall Length:

112.000 inches

Operating Temperature Range:

-400.0/+2500.0 degrees fahrenheit

Unit Type:

Protective tube

Accommodated Wire Awg Size:

24

Immersion Length:

4.000 inches

Special Features:

Hole mtd

Material:

Fiberglass outer jacket insulation/sheathing

Terminal Type And Quantity:

2 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
