Overall Length:

20.125 inches

Operating Temperature Range:

+0.0/+1100.0 degrees fahrenheit

Mounting Facility Screw Thread Series Designator:

Unf

Unit Type:

Protective tube

Accommodated Wire Awg Size:

14

Immersion Length:

12.313 inches

Special Features:

Type j thermocouple must be ungrounded; type of mount .875 inches-14unf-2a

Material:

Stainless steel protective tube

Terminal Type And Quantity:

2 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
