Thread Length:

0.500 inches

Overall Length:

2.094 inches

Outside Diameter:

0.385 inches

Operating Temperature Range:

+100.0/+250.0 degrees fahrenheit

End Application:

Cargo system, 463l

Unit Type:

Protective tube

Distance Across Wrenching Surface Flats:

0.625 inches

Accommodated Contact Type And Quantity:

1 screw

Material:

Steel

Style Designator:

Transmitter, 24v dc

Terminal Type And Quantity:

1 screw

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
