Operating Temperature Range:

+100.0/+240.0 degrees fahrenheit

End Application:

Test stand no. 81500

Accommodated Contact Type And Quantity:

1 threaded stud

Special Features:

Input voltage: 12vdc; 1/8 in. Npt; used with gauge no. 82306

Style Designator:

Transmitter, 24v dc

Terminal Type And Quantity:

1 stud

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A27600
