## NSN 6685-01-006-1523

Pneumatic Humidity Transmitter - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6685-01-006-1523

## **General Description:**

No

Jdirect proportional action, range 10 to 95 relative humidity, cellulose acetate butyrate element actuates 3-15 psig pneumatic signal from 20
psig suply line, sensitivi type 0.8 to 3 psi per percent relative humidity

•
Jdirect proportional action, range 10 to 95 relative humidity, cellulose acetate butyrate element actuates 3-15 psig pneumatic signal from 20
psig suply line, sensitivi type 0.8 to 3 psi per percent relative humidity
Shelf Life:
N/a
Unit Of Measure:
<b></b>
Demilitarization:
