Case Material:

Aluminum

End Application:

Trailer, semi, tank: 5000 gal fuel disp; trailer, semi, tank transporter: 50 ton 5 wheel w/e; trailer, semi, refueler, 5000 gal, 4-wheel, bulk

Adjustability:

Nonadjustable

Scale Range:

+0.0/+25.0 pounds pressure per square inch

Scale Name:

Differential pressure

Dial Size:

2 in. Dia

Connection Quantity:

2

Pointer Color:

Black

Pointer Type:

Indicating

Scale Marking:

Psid; flow; clean; dirty

Scale Type:

Arc

Connection Type:

Internal

Scale Accuracy:

5 pct full range

Scale Inscription/background Color:

Black figures, white background, red line over-range zone

Connection Location:

Side

Connection Size:

0.125 in. Npt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
