(2an	arai	Desc	•rint	IAN.

Range 0-100 degrees f,	pressure output 3-15 psig,	pressure irectly p	proportional to temp	erature, unit re	equires 20 psi	g air supply, air
connections 1/8 in f.P.T.						

Unit Of Measure:
N/a
Shelf Life:
connections 1/8 in f.P.T.
Kange 0-100 degrees i, pressure output 3-13 psig, pressure frecity proportional to temperature, unit requires 20 psig all supply, all

Demilitarization:

No
