Awacs model 411I

## **General Description:**

Bstainless steel, 3.300 in. Lg, 1.125 in. W, operating temperature m65.0 degrees f to 200.0 degrees f, sensing media uninhibited ethylene glycol, operating pressure 0.0 to 200.0 psi, 6 pin electrical connector

Shelf Life:

N/a

**Unit Of Measure:** 

--

Demilitarization:

No
