Diameter:

2.000 inches

Length:

3.578 inches

Contact Quantity:

2

Contact Type:

Connector receptacle and screw

Scale Range:

+0.1/+1000.0 degrees celsius single indicator single scale

Electrical Connection Quantity:

4

Pointer Type:

Clock-hand single pointer

Special Features:

Scale calibration: 20 degrees c; scale name: exh temp; instrument lamp: included; external circuit resistance in ohms: 22.0 nom

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A533y0
