Overall Length:

11.000 inches

Overall Height:

7.000 inches

Overall Width:

8.500 inches

Case Material:

Aluminum

End Application:

P/n h158a-32a

Installation Design:

Portable

Scale Range:

+0.0/+1200.0 degrees celsius

Scale Type:

Drum

Scale Smallest Increment:

1.0 degrees celsius

Scale Accuracy:

0.1% accuracy

Special Features:

Power requirements 115 vac, 50 to 400 hz

Supplementary Features:

Manufacturers name: calibration tester

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-b
