Width:

144.0 millimeters

Depth:

173.0 millimeters

Contact Quantity:

2

Contact Type:

Screw

Presentation Type:

Digital display

Scale Range:

-208.0/+2552.0 degrees fahrenheit single indicator single scale

Electrical Connection Quantity:

1

Mounting Facility Type And Quantity:

1 panel

Display Type:

Light emitting diode

Special Features:

Scale name: temperature; thermocouple material: chromel-alumel

Height:

72.0 millimeters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A533y0
