Overall Length:

5.590 inches

End Application:

Pneumatic assembly p/n 01281-0287-0001 f16 acft

Special Features:

Manufacturers name: transducer, differential, assembly

Functional Description:

Converts a differential pressure into an electrical signal

Reference Data And Literature:

T.O. 5f25-9-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-e
